

HARDY ALLMON SOCCER FIELDS

310 NORTH WALNUT CREEK DRIVE

Originally named “Magnolia Park,” the north soccer field was developed in 1984. In 1987 the south soccer field was developed and the park was renamed after former city council member and long-time resident, Hardy Allmon. In 1989 irrigation was installed on both fields. The park was used as a game facility by the Mansfield Soccer Association (MSA) until the Mansfield Sports Complex opened in 1996. Currently the north and south fields are used by MSA soccer teams for practices. This facility serves as a trail head connection to the Walnut Creek Linear Park.
