FIRE DEPARTMENT PERMIT FEES / GUIDELINES

ABOVE GROUND STORAGE TANKS

\$100.00 per tank

SCOPE: A permit is required for each above ground storage tank provided said tank is used for the storage of any chemical product or contaminated residue.

APPLICATION: Special Submittal.

AUTOMATIC SPRINKLER SYSTEMS

Needs private fire line permit at \$50.00 if applicable AND

1-20 heads \$50.00

21-150 heads \$100.00

151-500 heads \$200.00

501-1000 heads \$300.00

Cost per head over 1,000 \$1.00

(Also see standpipe permit)

SCOPE: A permit is required for each new or add-on installation except as outlined herein. If the installation is a new one, a private fire line permit will also be needed. Permit fees are based on the total number of sprinkler heads to be installed under the permitted plans, regardless of the number of risers involved. Additional heads that may be required at final inspection will be covered under the original permit, provided such heads do not exceed 5% of the total permitted amount, or an aggregate total of 10 heads, whichever is less. A hydro test is required on all installations or relocations involving 20 or more heads.

APPLICATION: General with plans (4 sets sealed by RME or FPE) and hydraulic calculations (2 sets).

CHEMICAL EXTINGUISHING SYSTEM

\$75.00 per system

SCOPE: Required on all dry or wet chemical systems. FM-200, CO-2 or similar systems. A separate permit is required for each system. A system is based upon the number of remote pulls, or a single area of coverage, except that a pull on a control head is not considered a remote pull if another, already counted remote pull is attached to the control head in question.

APPLICATION: General with 2 sets of plans and 1 set of product information sheets attached. Need State COR attached if they have not done work in City of Mansfield in past 2 years.

DAY CARE PERMITS

\$75.00 annually

SCOPE: Required of all day care operators in the City with some limited exceptions. All permits expire on January 31st of each year.

APPLICATION: Special

ELEVATOR INSTALLATION

\$50.00 per elevator

SCOPE: A permit is required for each individual elevator installed.

APPLICATION: General application with supplemental information sheet completed.

FIRE ALARM INSTALLATION

1-10 devices	\$50.00
11-25 devices	\$75.00
26-99 devices	\$150.00
100-199 devices	\$200.00
200 plus devices	\$300.00
Cost per device over 400	\$1.00

SCOPE: Required on all automatic fire alarm installations. Cost is based upon the total number of initiating devices. These include, but are not limited to, smoke and heat detectors, pull stations, water flow alarm sensors, tamper alarms, chemical suppression system contacts and duct detectors. A/V devices ARE NOT counted. An initial permit will cover additional devices that were added after the original permit was issued if the additions are a part of the scope of work covered by the original permit, are installed as part of the acceptance testing of the original permitted scope of work, and do not exceed 5% of the total number permitted, or 5 devices, whichever is less.

APPLICATION: General application with 4 sets of plans, 2 spec books, and a copy of the company COR submitted.

FIREWORKS, BLASTING and PYROTECHNICS

\$125.00

SCOPE: Required of all fireworks, blasting or pyrotechnic displays.

APPLICATION: NO PERMIT MAY BE ISSUED EXCEPT BY ORDER OF THE FIRE MARSHAL.

GATE INSTALLATION PERMITS

\$50.00 per physical gate location

SCOPE: A permit is required for each ELECTRIC or MECHANICAL gate that is installed across a private street or fire lane in the City of Mansfield. A single permit will cover either a single or double gate arrangement located at a specific physical location. Multiple gates will require separate permits.

APPLICATION: General with special waiver signed and one set of plans and specs submitted.

OPEN BURNING

**\$50.00 single day/\$200.00 multi day
(7 day max)**

SCOPE: A permit is required prior to conducting open burning in the City of Mansfield. A multiple day permit, valid for a maximum of seven days, may only be issued to trench burners unless otherwise approved by the Fire Marshal. A single permit is valid for up to three piles on the same piece of property.

EXCEPTIONS: Permit fees are waived for permits issued to governmental and not for profit groups, as well as, for the burning of diseased animals. Permits are not required for cooking or warming fires provided said fires are contained in an approved manner and are not built directly upon the ground.

APPLICATION: Burn permits application

PRIVATE FIRE LINES

\$50.00 per installation

SCOPE: A permit is required for any installation or replacement of a private fire line, sprinkler lead in or placement of onsite hydrant(s). Extensions of existing private lines, or the addition of fire hydrants on an existing line WILL require a new permit to be pulled. A permit is not required for hydrants placed on an existing City water main in a public right of way.

APPLICATION: General with scope of work form completed and attached.

SMOKE CONTROL SYSTEM INSTALLATION

\$100.00per installation

SCOPE: A permit is required for any smoke control system installed in the City of Mansfield.

APPLICATION: General with plans and specs submitted.

SPECIAL EGRESS CONTROL DEVICE INSTALLATION

\$100.00 for first 10 devices

\$50.00 for each additional 10

SCOPE: A permit is required for any installation of magnetic locks or similar devices that restrict or impede the normal free flow of traffic out of a building or portion thereof.

APPLICATION: General with plans and spec sheets submitted.

SPRAY BOOTH INSTALLATION

\$75.00 per booth

SCOPE: A permit is required for the installation of any spray booth in the City. NOTE that a separate permit will also be required for the fire protection system. Each booth must have a separate permit.

APPLICATION: General with Special Attachment.

STANDPIPE SYSTEMS

\$50.00 per system

SCOPE: A permit is required for the installation of standpipes in any structure in the City.

APPLICATION: General or treated as a portion of sprinkler system submittal.

UNDERGROUND STORAGE TANK INSTALLATION/REMOVAL **\$100.00 per tank**
SCOPE: A separate permit is required for the installation or removal of any individual UST regardless of its contents.

APPLICATION: Special application with copy of TNRCC License.

UNDERGROUND STORAGE TANK MISC. EQUIPMENT OR SYSTEM **\$50.00 per location**

SCOPE: Required for additions, repairs, and modifications to an existing UST delivery or venting system.

APPLICATION: General application with plans or letter stating scope of work to be performed.
