Re: Reforestation Fund Schedule (Payment Requirements)

The Natural Resource Management Ordinance (Ordinance # 1220, Section J3) requires the applicant, upon approval of the Landscape Administrator, make a payment into the Tree Reforestation Fund in lieu of planting replacement tree(s) on the subject site. The amount of the payment required for each replacement tree shall be calculated based on a schedule published by the Landscape Administrator, which sets forth the average cost of a quality tree added to the average cost of planting a tree.

Reforestation Fund Schedule for Calendar Year 2010

Average Cost of a quality tree planted and guaranteed **\$153.00 per caliper inch**
(Effective May 10, 2010)

The Natural Resource Management Ordinance requires that these trees shall be a minimum of three (3) inches caliper (measured 12" above grade) and seven (7) feet in height when planted.
